IS GENERAL GORDON ALIVE?

COL. LONG BELIEVES HE IS. The Personal Characteristics of the Noted

Bentish Soldier Discussed by a Man who was Once on his Staff.

(New York Times.)
Colonel C. Chaille Long, the well-known African traveller and explorer, made some very interesting statements to a *Times* representative the other day while enjoying the comforts of an easychair in the reading-room of the Manhattan Club. Colonel Long's name has been prominently associated with service and travel in Africa. He entered the service of the Khedive in 1870, and has been in more or less intimate The Colonel won much fame during Arabi Pacha's rebellion, in the summer of 1882. There was no American Consul-General in Egypt at that time, the gentleman who had been appointed for the post having preferred the peaceful and cool security of the State of Ohio to his position in the of Alexandria. At the request of the American residents in Alexandria and lance and planted on the wall of the Cairo Colonel Long assumed the concitadel; that his body was dragged A LETTER OF MINISTER COX. sular functions, and performed the difficult and dangerous task intrusted to

him courageously and efficiently. In answer to a request for his views concerning General Gordon's private character and military and administrative qualities. Colonel Long said: "I personal acquaintance with Gordon, and, I think, with perfect good faith. Nobody can admire more sincerely than I do his many excellent qualities, yet I am no hero-worshipper and cannot blind myself to the weaknesses and defects of his unevenly-balanced charon this subject in my book, 'The Three Prophets,' published here in New York last year, but as that was written before Gordon's alleged death and the fal of Khartoum, I can now give you my views with more positiveness and freem, as the events which have happened since have in every way confirmed me in my conviction. In speaking of General Gordon I entirely divest myself of all bitter which I might be suspected of having on account of the unfriendly action of ra. Once out of the reach of Khartoum the could escape with perfect safety. It seems as if I had always lived here. It seems as if I had always lived here. It seems as if I had always lived here. It seems as if I had always lived here. It seems as if I had always lived here. It seems as if I had always lived here. It seems as if I had always lived here. It work is up. The weather here is cool. Another intimate friend of the family had a truly Gordonian coup day statement as to the position of the law of the art of the state. It seems as if I had always lived here. It work is up. The weather here is cool. Another intimate friend of the family admits there having been some the art of the state. If so desired, at the time the laws of the state it so desired, at the time the laws of the state. It so desired, at the time the law of the state it so desired. Another intimate friend of the family admits there having been some through the state. It so desired. Another intimate friend of the family admits there having been some through the state. It is so desired. Another intimate friend of the family admits there having been some through the state. It is so desired. Another intimate friend of the family admits there having been some through the state. It is so desired. Another intimate friend of the family admits there having been some through the state. It is so desired. Another intimate friend of the family admits there having been some through the state. It is so desired. Another intimate friend of the family admits there having been and the state. It is so desired. Another intimate friend of the family admits there having been some through the state. It is so desired. Another intimate friend of the family admits there having been and the state. It is so do the state in provident in his condition, went to Reichenau, work is up. The work is up. The work is up. The work is up. The work in his condition, went to Reichenau, work is up. The work in his condition, went to Reichenau, work is up. The work is up. The work is Gordon and other English explorers in regard to my discovery of Lake Ibrahesitated in giving me credit. I can have no such feeling against Gordon, who, perhaps rather tardily, endorsed my statement as to the position of the discoverer both before the Royal Geo-
